UNIQUE GIFT IDEAS AT MARBLES: THE BRAIN STORE

The best place to find the perfect gift for the toughest person on your list

Chicago, IL – November 30, 2009 – Marbles: The Brain Store

They may **have** everything, but they probably don't **know** everything...come into Marbles this holiday season to find just the right thing for that 'hard to shop for' person in your life.

Here are a few hot items to check out!

Each set of Buckyballs (\$29.99) contains 216 powerful rare earth magnets that can be shaped, molded, torn apart and snapped together in unlimited ways. Make sculptures, puzzles, patterns and shapes. So addictive, you can put them down!

Remember Names (\$49.99) uses an advanced approach with its vastly more powerful & superior D.I.S.K. System. Exclusive only to Remember Media, the D.I.S.K. System applies such concepts as 3D Memory and HD (High-Definition) Memory so that anyone can instantly and accurately remember names...whether it's a day from now or even a year from now. This system is so effective, it's like giving you the power to see name tags on everyone's forehead!

NeuroActive Complete Training (\$99.99) is a brain training program that was carefully developed by neuroscience experts. Fun and easy to use, the program will not only improve your mental agility, it will keep you engaged and wanting more.

Six (\$24.99) is an elegant and subtle game of shape and strategy where the goal is to be the first to form one of three winning shapes with your pieces. Plan ahead your winning moves while keeping a keen eye on your opponent as defeat is often dealt by surprise.

Loosely based on sumo wrestling, the point of **Abalone** (\$29.99) is to push just 6 of your opponent's 14 marbles off of the playing surface, but there is a catch. It takes two marbles to move one and three to move two. Simple? Yes. Simplistic? By no means! The six directions of movement allow for infinite strategies both offensively and defensively.

To find any of these items, visit www.marblesthebrainstore.com or a **Marbles: The Brain Store** near you:
